The third meeting of the Grievance Cell was called by the Coordinator Dr Si Myrtle A.C. The meeting commenced with a silent prayer. The students were briefed about the objectives of the cell and were asked to keep in mind some of the important points.

The following points were considered during the meeting.

- * As a suggestion was put forth in the earlier meeting as to conduct a Guidance and Counselling seminar, it was organized by Dr Camelita VFS who conducted Neuro Linguistic Program.

for our students. The students were able to express their problems and reflect upon them.

* A two day Family life Education seminar helped the students to update themselves about women sexual and legal laws.

* Students were guided and problem were enquired during moral science classes and also during methodology classes.

* Life skills were taught so that the could face any kind of problems in future. Students were also able to gain an awareness of the behavior they are expected to live.

* Audio clippings on various moral values and spiritual values were shown in order to instill values in their lives.

* All through the year, Staff members were made available to the students so that they could meet them at their leisure and share their thoughts and problems. The Staff cooperated in helping and guiding the students.

The meeting was called by Dr. Myrtle A.C. The meeting commenced with a silent prayer. The students were briefed about the objectives of the cell and the type of points that could be voiced out for betterment of the students.

The suggestions put forth by both M. Ed and B. Ed representatives are as follows:

* The issuing of 5-6 library books ^{for the exam} could be told earlier to avoid xeroxing of notes / assignments from per group.

* Students expressed about the need of having one extra library hour in a week

* The time for issuing of library books could be extended from noon to evening 3.00 clock.

* A kind request was made by the cabinet on behalf of all students as books for xeroxing could also be accepted in the afternoon.

* As the library closes at 4.45 pm, students felt the need of extending the timings till 5.0 clock or

* At least 2 weeks before the exam commences, the library could be open or extended on weekdays and Saturdays as well.

* It was mentioned to change the allotment of students doing duty in group as well as the particular rooms.

* The meeting ended by the students expressing that all staff are made available anytime and proper guidance is given.

* Students could solve any kind of problem by referring to the Principal or staff.

The Coordinator Dr Myrtle A.C conducted the meeting of the Grievance Cell. Students were asked to recall the objectives and the aim of the cell. They were asked to mention any suggestions or problems faced internally in the classroom.

The points discussed were:

- * The science students would want few hours for lab work. to arrange and keep ready for the chemicals and

equipments necessary for the execution of the lessons

- * If there was an extended lunch hour, would have been fruitful.
- * The M.Ed students found the IIIrd semester very hectic.
- * The M.Ed washroom needs to be cleaned frequently to maintain hygiene.
- * The B.Ed students expressed the loss of physical education hours in the timetable which were exchanged in times of not completing the other portion.
- * Morning physical exercises to be retained.
- * Students would want to meet their mentor teachers often and need to know more about how to make themselves available to their mentors.
- * Few of the students are unhappy about the uniform blouse material and suggested if cotton material instead of polyester could make them more comfortable.
- * Students would like to have few club activities together instead of Science club and literary club in isolation.
- * Students brought to notice about the failure of use of internet connection after 4:20 pm.
- * Few of the computers are loaded with files saved on the desktop or in any other drives which has lead to the slow down in the operation of the computers.
- * In this regard, the student individuals

equipments necessary for the execution
lessons.

* The B. Ed students expressed that they needed more physical Education classes as the classes helped them in psychomotor learning.

* Students were very happy about having a mentor teacher through whom they could take support and help in times of difficulties.

* As the club activities foster creative learning and encourage hands-on activities students felt the need of having a joint club session where they should learn even more better.

* Students were grateful for the internet connection offered to them as they could have more access to the updated information.

* A kind request could be made to the students using computers to have a backup of their files on their personal USB drives to avoid overloading of college computers and making their operations run slow.

* The College Cabinet works as a team and felt the need of shouldering and sharing their responsibility to the other students in order to develop in them the leadership skills and abilities.

* The Coordinator and the staff representative took care to explain about what could be done and points to be considered for betterment of students.

would save her files in her USB drive and other files could be deleted.

* The cabinet in particular expressed that as leaders, the other students do not cooperate nor take charge of any small activity given rather they expect the cabinet to perform the same for them.

* The coordinator and the staff representative took care to explain about what could be done and points to be considered for betterment of students.

The coordinator conducted the meeting at 9pm in the Physics Room. The meeting commenced with a silent prayer.

The coordinator welcomed the members for the meeting. The students were briefed about the objectives of the cell and were asked to keep in mind some of the important points. The points discussed were

Students felt that the suggestions given by the Principal and Staff members were very supportive and has made them proactive in their behaviour.

Because of 2 years B.Ed course they cannot know each other and they want to adjust in the class cell with the mixed group/rotation classes. Learning opportunities, EPC and EF programmes were most helpful and benefited from them for their

individual growth

During the 3rd semester students appreciated the facility given to them for their library work. Students preferred to do the duty (cleaning duty) in the evening than in the morning hours because some students come late or come from far away to avoid perspiration in the morning.

Students suggested that staff members from specially drawing physical girls would help to maintain discipline.

Overall students are happy in the B.Ed class and mix with all.

At the end the coordinator concluded the meeting

with a silent prayer.

The meeting commenced with a silent prayer. The objectives and description of the committee was mentioned to the students. Students were asked to express if there were any significant problems or issues in the classroom.

- * Students appreciated the social relationship shared among Principal and the reciprocity of the staff members. They felt they would go to any staff or Principal during any difficulty.
- * Students expressed that the mentor group for counselling was very effective.
- * Initially during the first semester, students felt problems of adjustment by during a period of 2 years of B.Ed, they have learnt to communicate and have team work.
- * Students mentioned that the Principal of the college is very supportive for all their needs and facilities given are awesome.

* Students gave a suggestion that if the teachers could give little more explanation in Kannada could be a great help for who write in Kannada.

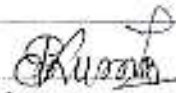

* Students would be happier in case the suggestion box was kept at a common place in order to share or drop in few queries.

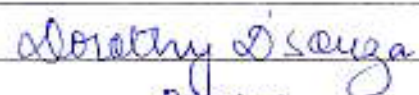

* Students mentioned that the cabinet in the class functioned well and were very cooperative during any occasion.

The coordinator and the staff representatives informed the students about what effective measures could be taken and parents to be considered for the betterment of students.

PROCEEDINGS OF THE MEETING HELD ON _____

The meeting began with a silent prayer. The previous minutes were read and the coordinators briefed the members about the objectives. Students were asked to voice out or reflect on any issues in the classroom.

* Students expressed that the 2 year B.Ed course helped them a lot to grow spiritually and professionally.

* They felt when they entered the college, they were just raw, even though some had a little teaching experience, the experience that they got here helped them in many ways.

* Students were very appreciative of the facilities made available to them.

* Having practice tests every semester before the exams was a good thought as they were able to prepare well and write the exam well.

* Many students felt if staff could use video presentations for certain topics, the class could be better.

* Students mentioned that initially there was no much adjustment as students came from different backgrounds. But the course really strengthened their bond and relationship.

* Some felt the lunch break could be extended.

* Students were highly appreciative of the Platinum Jubilee Programme and said they grew and got ample of opportunities to participate in a variety of activities.

* They were proud to be the Platinum year students.

The coordinator Mrs Rose Pinto and staff representatives asked the students to work out any kind of grievances and suitable measures could be worked out for the same.

The meeting commenced at 2.30pm in the mini conference hall. The coordinator and staff representative briefed the committee about the objectives and responsibilities of the grievance cell. Students were asked to inform about any kind of grievances among the students. The points brought to the notice are:

- * The suggestions to be put in the suggestion box need not have names written on it. This will help students to freely express their opinions and problems.
- * Students felt that library hours need to be extended so as to do reference work in a better manner.
- * Duty allotment terms need to be changed or students need to be informed clearly about the type of duty to be done by them.
- * Habitual late comers for duty need to be given extra work.
- * The Coordinator thanked the committee members for their cooperation.
